EDUCATION

George Mason University, Fairfax, Virginia
Bachelor of Science, Computer Science

Expected May 2027

Relevant Coursework: Data Structures, Object-Oriented Programming, Computer Systems Programming, Software Engineering, Database Concepts, Mobile Application Design, Discrete Mathematics, Formal Methods and Models

TECHNICAL SKILLS

- Programming Languages & Frameworks: Java, Python, C, SQL, TypeScript, Next.js, React, Tailwind CSS
- Cloud & Databases: AWS (Lambda, API Gateway, SES), MySQL, Oracle SQL, MongoDB
- Tools & DevOps: Git, GitHub/GitLab, CI/CD Pipelines, JUnit, Docker, Maven, GDB, Agile
- Operating System: Windows, macOS, Unix, Kali Linux

CERTIFICATIONS

- CompTIA Security+ (SY0-701) January 2026
- Palantir Technologies Foundry & AIP Builder Foundations March 2026

PROJECTS

Personal Website Portfolio (Next.js, React, Tailwind CSS, TypeScript, AWS (Lambda, SES, API Gateway), Git) May 2026

- Built and deployed a full-stack portfolio website with a responsive Next.js UI and serverless AWS backend
- Implemented a CI/CD pipeline with GitHub Actions and Vercel, achieving 113 consecutive successful deployments
- Developed a serverless backend using AWS Lambda and API Gateway to process contact form submissions
- Integrated and securely configured AWS SES to enable real-time email notifications between users and the site owner
- Delivered a site with a 100/100 Lighthouse performance score, reflecting fast load times and stable rendering

Form Processing System (Agile, Java, JavaScript, MySQL, Junit, Maven, Docker, Git) August 2025-December 2025

- Collaborated with a team to develop a multi-stage, role-based form processing system, solving complex validation and workflow challenges to ensure the correct handling of user submissions
- Owned and implemented 11 review-stage user stories (out of 29 total), including complex validation logic, role-based permissions, and workflow state transitions
- Led a sprint as Scrum Master, coordinating backend/frontend integration, database implementation with JDBC, and documenting architecture with UML diagrams, delivering a tested and well-documented system by the deadline

EXPERIENCE

TIC Summer Camp, McLean, Virginia,

June 2025-August 2025

Programming Counselor

- Instructed and mentored campers (ages 7–14) in both programming and robotics, using languages such as Python, Java, and C, and platforms including LEGO EV3, NXT, SPIKE Prime, and VEX Robotics
- Collaborated with 20–25 staff members to create a STEM-driven learning environment for campers

ACTIVITIES & HONORS

GMU M2 Club Ice Hockey, President and Captain

February 2025-Present

- Managed 20+ athletes, coordinated logistics, scheduling, rules compliance, and equipment acquisition
- Established a team website averaging 500 monthly views and integrated Stripe for digital payments

GMU M2 Club Ice Hockey, Treasurer and Alternate Captain

September 2023-February 2025

- Managed a \$50,000 budget, oversaw fundraising, dues collection, budget proposals, and financial planning
- Secured EIN and Non-Profit compliance to establish the team's first bank account

Scouts BSA, Eagle Scout Rank Award

April 2023

- Earned 33 merit badges and held roles of responsibility, including Assistant Senior Patrol Leader and Quartermaster
